Bills Needing Concurrence Next Week

All of the bills we are supporting made it out of both the House and Senate but in different versions, so now they go back to the other house for concurrence. And then the negotiations on the final budget will continue.

Bills We Support

HB 1956/SB 5923 Addressing Fentanyl and Other Substance Use Prevention Education. Fentanyl and other opioid prevention education delivered through health classes or other discretionary programs must be provided to as many seventh and ninth grade students as possible during the remainder of the 2024-25 school year, and annually to seventh and ninth grade students thereafter. **SB 5923 didn't make it out of committee. HB 1956 passed both the House and Senate. It is in the House-proposed budget.**

HB 2180/SB 6014 Increasing the Special Education Enrollment Funding Cap. This would increase funding from 15% to 17.25%. **SB 6014 didn't make it out of committee. HB 2180 passed both the House and the Senate, with an amendment lowering the percentage from 17.25 to 16%. It is in the House-proposed budget.**

SB 5882/HB 1960 Increasing prototypical school staffing to better meet student needs. This would phase in additional staff allocations for paraeducators, office support staff, and non-instructional aides in the prototypical school funding model. More still needs to be done. **HB 1960 is dead, but SB 5882 passed both the Senate and the House. It is in the Senate-proposed budget.**

SB 5953 Concerning Financial Aid Grants for Incarcerated Students. This provides education resources for incarcerated students. **It passed both the Senate and the House. It is in the Senate-proposed budget.**

SHB 2494 Increasing state funding for operating costs in schools. The MSOC (materials, supplies and operating per pupil amounts defined in the prototypical formulas would be updated and include a \$23 per pupil increase, from \$1,519.04 to \$1,542.04 per pupil. **It passed both the House and Senate. It is in the House-proposed budget.**

SB 5873 Providing Adequate and Predictable Student Transportation. This bill would authorize another year studying/gathering data on this issue, but would not provide adequate funding

currently. It passed the Senate but never made it out of the House Appropriations Committee. It is in the Senate-proposed budget.

ESSB 6031 Modifying the student transportation allocation to accommodate multiple vehicle types for transporting students. It passed both the Senate and the House. It is in the Senate-proposed budget.

Bills We Oppose

HB 1897/SB 5809 Concerning Enrichment Funding for Charter Public Schools. Voters, who are represented by elected school boards, vote to approve enrichment levies. There is no process or ability for charter school parents to do this. **Neither bill passed out of committee, but funding is in the Senate-proposed budget.**
